

Meals at Golden Clouds Villa

We believe that coming together as a large group of friends or relatives and sharing a meal is not just about satisfying your hunger, but it's an experience that can provide an opportunity for exchanging stories, laughter, bonding and making memories that can last a lifetime. Golden Clouds Villa is a perfect place for this kind of magic to happen.

Our breakfasts and dinners are served on a covered terrace where our guests enjoy spectacular views of the Caribbean Sea in the mornings and a backdrop of beautiful sunsets in the evenings. Our lunches are served in the gazebo by the pool. All meals are served family style, giving an opportunity for everyone to gather at the same time and share a meal while being served by our highly trained villa staff members. You can select the times of your meals. For example, breakfast can start as early as 7 a.m. Dinner is always an event at Golden Clouds that usually takes between 2 and 3 hours to serve and consists of 3 courses. This is why we kindly ask that you select your dinner time seating not later than 8 p.m.

Staying at a private villa means that you have the opportunity to experience a very personalized stay where every staff member is there to cater to your specific needs. It also means that unlike hotels the capacity of a villa kitchen is not big enough to provide an a la carte menu for each guest, so please select the meals that your group can enjoy together. To provide enough variety we do offer up to 2 meal choices for breakfast or lunch. For dinners, not to overwhelm our kitchen staff, we ask that everyone chooses the same meal. For people with dietary restrictions, we can provide an alternate choice of meat, chicken, fish, or a vegetarian meal for dinner. Please let us know in advance how many people will have special dietary requirements so we can plan accordingly.

BREAKFAST

Coffee and Tea is available from 6:30 AM on terrace.

Our breakfast always starts with the first course of Fresh Local Tropical Fruit Plate followed by breakfast entrée of the group's choice:
